EXPERIENCE

- **Frontend Developer | CreativityIT** *(Dec 2020 - Nov 2021)*
  · Determining the structure and design of web pages.
  · Developing features to enhance the user experience.
  · Striking a balance between functional and aesthetic design.
  · Building reusable code for future use.
  · Optimizing web pages for maximum speed and scalability.
  · Maintaining brand consistency throughout the design.
  · Coordinating with other team members to ensure timely completion of projects.

- **UI/UX Designer | CreativityIT** *(Nov 2020 - Nov 2021)*
  · Designed and implemented user flows, wireframes, and prototypes to improve user experience and satisfaction.
  · Conducting user research and interviews to understand user needs and create personas.
  · Translating requirements into style guides, design systems, design patterns and attractive user interfaces.
  · Collaborating effectively with product, engineering, and management teams to deliver a great user experience.
  · Keeping up to date with the latest design trends and industry best practices.

- **Print Designer** *(Dec 2018 - Nov 2020)*
  · Researching concepts, designs, reference material, and similar work.
  · Rendering and presenting design mockups for revision and feedback.
  · Implementing feedback revision and creating final designs for printing.
  · Reviewing and proofreading designs to ensure print-ready copy, layout, and dimensions.
  · Overseeing the printing process to ensure colour quality and consistency.
  · Managing the timelines and workflow of print design projects.
  · Communicating updates, feedback, and issues with the clients and managers.
  · Maintaining the brand's consistency across all designs and printed materials.
  · Keeping up to date with the latest design trends, techniques, and printing standards.

EDUCATION

- **Diploma in Computer Science** *(Dec 2018 - Nov 2020)*

  Pacific University

COURSEWORK

- **React | Online**

  I made my own portfolio from scratch and the code is uploaded on github.

- **React Native | Online**

  I designed and built an app that tracks inventory of medicine.

- **Angular | CreativityIT**

  I worked on several of the projects I designed while working at CreativityIT
